

Chromebook Cover Information for Elm Street 3rd-5th Graders

Here are two possible options for Chromebook covers for third through fifth graders. While they are certainly not required for students, a few parents have asked about them. Should your child want to personalize his or her Chromebook with decals, stickers, etc., please know that can only be done to a Chromebook with a snap on cover, not the actual device.

Option 1: snap on cover for actual device (helps protect device, needed if student wants to personalize device with stickers, decals, etc.)

Option 2: soft carrying case with pocket to keep charger for carrying device (helps protect during transport, stores charger)

For more competitive pricing, you can search for covers for the specific model, 2016 Dell 11.

Again, neither is required and there are many other options. These are just a couple of possible ideas for those interested. Excited about our Chromebook rollout on Thursday for third-fifth graders. Be sure you've completed the user agreement so that your child's device is issued without delay! <https://goo.gl/a8J5oC>
