SURVEY

It's that time of year! We need your help to complete the Georgia Parent Survey. The data from the survey is used to calculate the climate of our school. We truly value your input and hope that you will take a few minutes and answer the 24 questions. Survey results are anonymous and are submitted directly to the Georgia Department of Education for analysis. You can complete the survey using your personal computer, smartphone or tablet. If you do not have internet access, we will be happy to allow you to use one of our tablets, laptops or computers here at school!
