“Committed to Excellence”

August 7, 2009

Dear Northside Parents and Stakeholders,

As a local school, we appreciate the constant support that each of you gives throughout the year. With this in mind, our School Council has set a goal to recruit more Northside Partners. A “Partner” can be a business, a family, a grandparent, a group of families from a neighborhood, etc. Essentially, a “Partner” is *anyone* who wants to contribute to the success of our school.

We have established a school priority of adding Promethean ACTIVboards to our classrooms. Currently, twenty one of our classrooms have these boards. Our goal is for each classroom to have a board, and we will need five more boards to make this goal a reality. Your Partnership support will help us to reach this technology goal.

We would like to ask that you consider becoming a Partner with Northside School. The Northside School Council has set levels for Partnership participation. You will find these levels on the information attached to this letter. With your support, we will be able to provide the technology exposure that our students need in order to be successful in the world today.

If you would like to become a Partner with Northside, please complete the attached page to indicate the level of support that you would like to dedicate to Northside for this school year. As a reminder, all donations to Northside School are tax-deductible.

If you have a family member, friend, or neighbor who might be interested in becoming a Partner, please pass this information on to them. If you would like for us to contact them, please let us know.

Again, thank you for all that you do for the students of Northside! We greatly appreciate your help as we strive to be the best that we can be!

Sincerely,

Dr. Dana Ballou
Principal
