

# Camp Overview

This is a four day camp that provides your daughter with an opportunity to learn and play basketball in a structured environment. Campers will experience instruction of individual and team concepts as they relate to the sport of basketball. Campers will also participate in competitive games throughout the week based on their skill level. Experienced campers will work with both high school coaches and high school players on techniques for passing, shooting, rebounding, dribbling, and team strategies. Inexperienced campers will learn the fundamentals of the game of basketball. All students will earn a certificate of completion at the end of the camp.
