Math On the Go CDs

With math as an important focus this school year, part of our Title 1 funding has allowed us to purchase the rights to copy the CD called *Math On the Go* for each family. Beginning today, fifth graders will bring home the CDs for each family represented in fifth grade. As we narrow down which families still need a copy of the CD, you should see them coming home throughout this week. If you have not received one by Friday, please request one in your student's agenda. The CD is easy listening with lots of math ideas that you can support with your student at home. We appreciate your involvement in your child's academic success!

Computer Lab—Ruth Cooper

Mrs. Cooper is a certified staff member that supports the Technology aspects of our instruction. She supports teachers by providing technology opportunities for students in every subject area, as well as CRCT preparation. She serves as our Building Coach for Infinite Campus and trouble shoots any technology problems requested by teachers.

Title 1 Funding for Human Resources

One of the greatest benefits of having Title 1 funding is the extra support it provides in Human Resources. The following headlines will share with you those staff members that support our programs due to the funding available through Title 1. We are truly grateful for the opportunity to have them as part of support team.

Math Support Coordinator Tabitha (Haney) Rossi

Mrs. Rossi serves as our REACH teacher three days a week and as a Title 1 Math Support Coordinator the other two days. She works with students during the Title 1 days, but is closely involved in progress monitoring through frequent use of formative assessments with the students. The data she collects allows administration and teachers to make invaluable decisions about how to better support our students' progress.

Para—Professional - Phillene Robinson

Ms. Robinson supports our programs by working directly with many of our students in their classrooms in a collaborative setting with the homeroom teacher. She also provides additional safety to our students by fulfilling duties in the mornings and afternoons as well as lunch duty.

Art Instructor—Heather Corley

Mrs. Corley guides our art instruction for each age group, providing artist experiences at progressing levels for each grade level. She also offers Honors Art to those students in 4th and 5th grade that show promise in developing their talents to a higher level.

Media Para—Professional - Millie Garza

Mrs. Garza serves as an assistant to Mr. Traylor in the Media Center. She also plays a critical role among our Hispanic families by serving as an interpreter. She provides additional safety for our students by fulfilling her duties in the morning and afternoons, as well as lunch duty.
