Coweta Organization for Riding, Rehabilitation And Learning

We are looking forward to having you or your child participating in our program. However, we may reach a point where we may no longer be able to safely provide our services to you or your child.

Safety is our top priority at CORRAL - the safety of the rider, the safety of the volunteers and the safety of the horse. If, at any time, we feel like the situation is unsafe, we reserve the right to end the student's participation in our program. This would include any behavior issues, as well as any student who does not meet NARHA's standards stating that a rider, including tack, pad, etc., may not exceed 20% of the horse's weight.

A certified instructor rides with the student when tandem riding (back riding). It is the sole discretion of the instructor to end the student's participation in our program if they feel the safety of the student, instructor, volunteer or horse is compromised.
