INTRODUCTION

Alliance for Children's Enrichment, commonly known as ACE, is a countywide collaborative of federal, state and local agencies, businesses, non-profits, churches, civic organizations, community groups and citizens concerned about and committed to improving the quality of life for all families, youth and children who reside in Coweta County. The collaborative is a part of the state wide initiative of Family Connection Partnership, which is a part of Georgia Department of Human Services.

ACE originated on June 5, 1995 and has been a leading focus in almost every initiative that has been started in the Coweta County since that time. In order to know what is needed in any community, county or state, one must know what already exists. In 1995, the Board of Directors and staff of ACE accessed existing services and compiled a county resource directory. That first Resource Directory consisted of a total of five pages, very different from the resources of today. We provide the directory to all federal, state and local agencies, United Way and many other organizations to aid them in helping county residents.

We hope that the information contained within, which was compiled and updated on June 10, 2010, will be beneficial to everyone. The ACE staff would like to thank all of the volunteers who worked to gather and verify all of the information.

Dictionary.com defines the word “community” as follows:

1. a social group of any size whose members reside in a specific locality, share government, and often have a common cultural and historical heritage.
2. a locality inhabited by such a group.
3. a social, religious, occupational, or other group sharing common characteristics or interests and perceived or perceiving itself as distinct in some respect from the larger society within which it exists.
4. a group of associated nations sharing common interests or a common heritage
5. a group of men or women leading a common life according to a rule.
6. an assemblage of interacting populations occupying a given area.
7. joint possession, enjoyment, liability, etc.
8. similar character; agreement; identity.
9. the public, society, the needs of the community

This is your community. It is as good as each of us make it and allow it to be. Get involved. Let us all leave it a better place by our presence in it.

Philippians 2:3-5 says: “Do nothing out of selfish ambition or vain conceit, but in humility consider others better than yourselves. Each of you should look not only to your own interests, but also to the interests of others. Your attitude should be the same as that of Jesus.”

Many churches in Coweta County offer an array of programs, services and service opportunities. Services range from worship; Bible studies; Prayer support groups; programs for men, women, married, singles, seniors, teenagers, youth and children. Some churches offer food pantries, clothing drives, Thanksgiving meals, Christmas drives, AA, NA groups, Spanish and Asian services, ESL and GED classes, counseling services and much more. This directory does not contain a full listing, as services are often opened based on needs a church encounters. If there is a church within your community, please call them for a list of all programs they currently offer. If they do not offer a program that you need, call other churches in the county to see what they offer. Some churches will provide transportation when necessary. Money to pay for services is almost never an issue.

Art

One of the strongest motives that lead men to art and science is escape from everyday life with its painful crudity and hopeless dreariness, from the fetters of one’s own ever-shifting desires. A finely tempered nature longs to escape from the personal life into the world of objective perception and thought.

Albert Einstein

A man should hear a little music, read a little poetry, and see a fine picture every day of his life, in order that worldly cares may not obliterate the sense of the beautiful which God has implanted in the human soul.

Johann Wolfgang von Goethe

Art washes away from the soul the dust of everyday life.

Pablo Picasso

Art is unquestionably one of the purest and highest elements in human happiness. It trains the mind through the eye, and the eye through the mind. As the sun colors flowers, so does art color life.

John Lubbock, Sr.

Art is a human activity having for its purpose the transmission to others of the highest and best feelings to which men have risen.

Leo Nikolaevich Tolstoy

Parents with children under age 12 who need to work have many options for childcare. In Coweta County, the options range from Au pairs, private in-home childcare to large and small childcare centers. Some things to consider when choosing a childcare provider is proximity to your job or home, hours of service, transportation to and from school, cost and provided services. All options are not covered in this resource directory.

We recommend that you talk with representatives from each option, carefully interview any private providers or Au pairs, and visit all childcare centers that you are considering. West Georgia Childcare Resource and Referral Agency will have more information on both private and public childcare centers. Their contact information is included in this directory. Ask for and carefully check references and credentialing on anyone you are considering in providing care for your child or children. Ask for and check dates on copies of criminal background checks to make sure that they are no more than 90 days old. If you are considering a private, home center, check criminal background on all members of the family, not just the listed provider, as these family members will have at least some contact with your child, if they live in the household. Remember, it your responsibility as a parent to provide the safest, highest quality care for your child, even when you are away from them. Your children are precious; you can never be too cautious or too concerned.

If your total household income is low, you may qualify for childcare assistance through Department of Family and Children’s Services or through the Workforce Investment Act. Those numbers are included on the following pages.

**MISSION:**
“To facilitate physical, emotional, cognitive and social well-being for each child in our care.”
Research shows that children and youth who are involved in group activities are less likely to make poor decisions. There are many activities available in Coweta County for children and youth. Those range from Cub Scouts, Girl and Boy Scouts, 4-H, Boys and Girls Club, YMCA, and organized activities through Parks and Recreation. Don’t forget clubs and activities within the school system, including a variety of organized sports. Call the school your child attends for a listing of clubs and activities within the school. Many churches also offer programs for children and youth. All churches in Coweta County will welcome your child or children into their wide variety of programs, even if you do not attend their church. There are a number of summer programs throughout the county for children and youth to keep them active, interested and involved.

If you feel that you cannot afford for your child or children to participate in organized activities, please note that many groups offer scholarships. Some offer transportation to and from school and home. Don’t rule out activities to keep your children interested and excited just because you feel you can’t afford the cost.

Mission:
To provide meaningful recreation programs for the citizens of Coweta County
If you find yourself in need of food and clothing for yourself or your children, there are a number of resources available. Each organization has their own policies and requirements for services. All are willing to help whenever possible.

Coweta County Department of Family and Children’s Services is in charge of the Federal Food Stamp program, which offers an EBT card to income qualified persons to use at their local grocery store. Applications must be made to Coweta County DFACS.

Coweta County Health Department is in charge of the Federal Women, Infants and Children program, known commonly as WIC. If qualified for this program, pregnant women and mothers are provided with vouchers that can be used to purchase approved food products at the store of their choice. Applications must be made at Coweta County Health Department.

Community Action for Improvement dispenses the Federal Department of Agriculture Commodities program. Applications must be made at Community Action or Newnan Housing Authority.

There are several churches that offer a program called Angel Food Ministries, where anyone, regardless of income, can stretch their food dollars on a monthly basis by purchasing boxes of food at reduced costs.

Several organizations offer resale stores, where clothing is good quality and inexpensive. These organizations often use the resale stores to support other free services within the community.

EDUCATION

HE WHO OPENS A SCHOOL DOOR, CLOSES A PRISON.

VICTOR HUGO

Education is the key to the future. While there are people who did not complete a high school education who go on to become wealthy, the odds of that happening are very rare. Education begins before birth, with proper nourishment of the mother-to-be, refraining from drugs and alcohol and nurturing the unborn child. At birth, nurturing and good nutrition is essential for brain development in order for the child to learn.

Education is a life long process. There are many educational services for children and parents in Coweta County. Federal law prohibits any child from exclusion of education, regardless of income or ethnincity.

If you dropped out of school, there are free programs to help you with a GED. Georgia offers a Pre-K program free of charge, regardless of income, for 4 year old children to help them become ready to enter school. HeadStart offers programs for 3 year old children free of charge to low income families. Department of Family and Children’s Services and Workforce Investment offer funding to pay for programs to increase earning capacity. Most of those are included in this directory.

**Services:**  
The mission of Communities in Schools is to surround students with a community of support, empowering them to stay in school and achieve in life. By bringing caring adults into the schools to address children’s unmet needs, CIS provides the link between educators and the community. The result leaves teachers free to teach, and at-risk students that are in jeopardy of dropping out of school when they reach age 16, have the opportunity to focus on learning.

In Coweta, CIS implements the student mentoring programs in all Coweta Public Schools and arranges for tutors for students who need them.

We hope that you never find yourself in need of emergency shelter services. However, if you do, there are three shelters in Coweta County.

BelAir Family Center is a homeless shelter for single persons, seniors or families with children. When the shelter is open again, which it is scheduled to be in the fall of 2010, families will be accepted together. Presently, however, there is no operational family shelter in Coweta.

Community Welcome House is an emergency shelter and rehabilitation program for female victims of domestic violence and their children, regardless of children’s gender.

Good Samaritan House is an emergency shelter and rehabilitation program for men only.

There are some shelters outside our county that are also included. However, the list is not complete.

Everyone gets sick at one time or another. There are many healthcare providers in the county. However, this section only lists resources for healthcare services, such as Medicaid, PeachCare for children, pregnancy services and free or reduced cost health clinics. There are no free health care clinics located in Coweta County for those people without either government or private health insurance or the ability to pay for services. We have included the free or income-based health clinics available in surrounding areas. I recommend that one call the free or income-based health clinics listed to make sure that the economy has not prevented them from serving residents of Coweta.

This section begins with the agencies where you can make application for Medicaid, PeachCare or pregnancy services, national disaster organizations, public health services and hospice organizations for those with life threatening illnesses that could prove fatal.

FREE OR LOW-COST MEDICAL CLINICS IN COWETA COUNTY

In January of 2009, we gathered together to begin discussions about how we, as a community, might address the growing need for health care services for our fellow residents. Over the last year, we have taken the first steps toward strengthening the safety net in our community by forming a non-profit organization, the Coweta Samaritan Clinic, with a local, dedicated board of directors. We anticipate opening a charitable clinic in Coweta County in January of 2011. We envision a clinic in which the staff are largely volunteers, including physicians, nurses and other health professionals, and which can serve as a medical home for those without the resources to seek care through already existing resources. We do not intend to charge for medical services.

Our nonprofit, charitable clinic joins more than 100 other such clinics in Georgia who are currently delivering free and reduced-fee services to their fellow Georgians.

There are many private and group counseling services available within Coweta County. Many accept Medicaid, PeachCare or private insurance. Some will provide services on an income-based scale.

If you need to talk to someone and you do not have government or private health insurance or cannot afford to pay for help, there are mental health community service boards that may be able to help. In Coweta County, that agency is Pathways Mental Health Services.

Almost all pastors of churches have training in counseling. They are willing to help you, usually at no charge. There is always help available. Mental health is just as crucial as physical health, possibly even more so.

LOW INCOME HOUSING

There is assistance for families or individuals whose incomes are not sufficient to pay the full cost of housing. The federal government offers four types of housing for those with low incomes. They are public housing, income based tenant Section 8 housing, property-based Section 8 and regular Section 8 housing. There are two public housing agencies in Coweta County: the Housing Authority of Newnan and Senoia Housing Authority. There are other income based apartment complexes as well as project or based Section 8 for entire apartment complexes. Regular Section 8 vouchers are appropriated by the Georgia Department of Community Affairs. Additionally, Coweta County has a strong Habitat for Humanity program for homeownership programs. There are other federally sponsored home ownership programs as well. All are listed in this directory.

What to do if you lose your job

Losing one’s job is an emotionally and financially stressful thing to go through, especially if you are the sole or main provider and you have a family. Unfortunately, it happens and more today than at any other time in history since the Great Depression. The following are things that you can do to help your family stay afloat until you can find another job.

1. Go to Department of Labor and file an unemployment claim. Follow their instructions in seeking employment in order to keep your unemployment compensation. Talk with DOL about refreshing your job interviewing and job search skills. These services are free of charge.
2. Go to Department of Family and Children’s Services to apply for Food Stamps, Medicaid insurance for the children and possibly yourself, and Childcare assistance, while you look for another job.
3. If you are pregnant, go to Right from the Start Medicaid and apply for services.
4. If you are pregnant or have children under the age of 3, go to Coweta County Health Department and apply for the WIC program, which is a nutritional supplement program.
5. Call everyone that you make payments to on a regular basis and tell them that you have lost your job and ask for an extension or lower payments. Do not wait until you cannot make a payment to call. Most mortgage companies and banks will work with you, if you show responsibility and talk with them before you get into serious trouble.
6. Have a family meeting and discuss the situation with your family. Ask for their ideas on how to save money.
7. If you take medication on a regular basis, go to the Health section of this directory and apply for prescription assistance through one or more of these resources. The reason to apply to more than one is because some have waiting lists for services and based on how far down the list you are with one, you may be able to get help quicker with another.
8. If you do not qualify for Medicaid for yourself and you have on-going medical problems, then apply for medical service through several of the free and reduced cost clinics in the Metro area that are listed in the Health section of this directory. All clinics have waiting lists; some are months out to get an appointment; so again, apply to more than one to get an initial visit. Do not wait until you are sick to make an appointment. If you are already a patient if you get sick, it will not take as long to be seen.
9. If you need food immediately, go to the Food and Clothing section of this directory and apply to one of the agencies that can help you with food.
10. Cut out all non essential expenses, such as cable, eating out, gym membership, nails, hair, movies, etc. Quite smoking, if you do smoke and quite drinking, if you do drink. Eliminate all except one phone source and make sure that it’s the least expensive option. Raise the thermostat in summer and lower it in winter. Do not drive unless you absolutely have to for job, essentials or medical purposes. Combine trips to conserve gas.
11. If you need additional training or education, seek the services of WIA through Department of Labor and enroll in any number of educational programs available in the Education section of this directory. In many cases, there is financial aid available to pay the costs of continuing education.
12. Do not lose hope, even if it takes time. Things will improve.

A.F.F.A. (Adult Family & Friends of Addicts)-Living with an addict can be difficult and painful. This alanon type group is designed to offer hope and direction for family and friends of who are struggling with the harmful lifestyle their loved one has chosen. Sometimes in our pain we may even unwillingly add to the problem. Come learn with others how to be part of the solution. Tuesdays @ 7PM.

Anger Management (For Men & Women)-Anger is a tough issue to deal with, and it can affect every area of our lives. Marriage, children, work, friendships and self-esteem can all be hurt by uncontrolled anger. This group helps define anger and helps us gain an understanding of what causes it. We will also examine ways to gain control over our anger and how God can receive glory as a result. We offer separate groups for men and women. Tuesdays @ 7 and Men only on Sunday mornings @ 11AM.
**Chemical Dependency**-If you suffer from addiction to one or more chemicals, the important issue is recovery-how to overcome the compulsion to drink or use. A Christ-centered 12-Step program can help you to achieve a healthy and Christ-honoring life style. Our group will help you discover the resources you need to accomplish these positive changes. Come and experience hope and healing from the isolation, anxiety, fear, and shame that accompany chemical dependency. **Tuesdays @ 7PM.**

**Confident Kids**-Confident Kids is designed for children who are struggling with family issues. These struggles may be a result of the divorce of parents, the death of a parent, or hurtful family relationships. Sometimes our own pain blinds us from seeing how badly our children are hurting. At other times our pain prevents us from being capable of providing the help our children need. Please let us come alongside your family during this confusing time. **Meets when school is in session then breaks for summer. Tuesdays @ 7PM.**

**Depression (Women)**-At any given time in America 1 out of every 10 people is suffering from some form of depression. Statistics tell us that almost everyone will face it at some time in their life. Living under this dark cloud can be scary and even debilitation. Our women’s group is designed to offer open discussion, prayer, and continued support through the most difficult of days. Hope and direction can be found as together we work through these issues. **Tuesdays @ 7PM.**

**Divorce Care**-Sometimes it is hard to find people who understand the pain that comes along with an unwanted divorce. Everyone is affected: you, your children, your extended family, your friends. It is easy for hurt to lead to anger and for anger to turn into confusion, loneliness and fear. Divorce Care is a place to find caring people who understand your pain and want to help. It is also a place that will help you find your way to the road toward recovery. **Tuesdays @ 7PM.**

**First Place**- Is a Christ Centered Weigh-Loss Program, emphasizing balance in the physical, mental, emotional and spiritual areas of life. The First Place Program is meant to be a daily process. As we learn to keep Christ first in our lives, we will fine that He is the One who satisfies our hunger and our every need. **Tuesdays @ 7PM.**

**High School Support Care**-The years between childhood and adulthood can be turbulent and confusing. Life presents young people with many choices and temptations that can lead to painful consequences. Many adolescents feel alone, frustrated, empty, and confused. This group is designed to offer guidance, encouragement, and hope during these difficult years. **Meets when school in session then break for summer. Tuesdays @ 7PM.**

**Middle School Support Care**-This group is designed for boys and girls grades six through eight who are struggling with family issues such as divorce, separation, anger, relationships and other teenage problems. This is a safe place where boys and girls can share their hurts and receive hope and healing. **Meets when school in session then break for summer. Tuesdays @ 7PM.**
SA Group Mens Sexual Addiction- Today everyone is bombarded with subtle and blatant sexual messages. Many individuals have developed distorted beliefs and practices concerning sexuality. Poor family role models, sexual abuse, or being subjected to pornography at an early age, can all be contributing factors. These issues may result in compulsive and addictive behaviors. Our group is designed to help you learn how to live a Christ-honoring life in a world of sexual immorality. Tuesdays @ 7PM (off campus).

S.A. Wives- Sexual addiction affects everyone in the family, especially the spouse. We not only want to offer help to those who are struggling with this problem, but we want to minister to their wives as well. Our group will help women understand their husband’s addiction, give them strength to face the struggle, and offer them helpful guidance as to how they can be a part of the solution. Tuesdays @ 7PM.
